SUMMARY

Tech student with strong skills in full-stack web development using JavaScript, TypeScript, React, and Node.js. Proficient in programming with Python and C, with hands-on experience building scalable applications and solving real-world problems through practical, project-based development. Passionate about writing clean code, learning new technologies, and contributing effectively to impactful engineering solutions.

ACADEMIC DETAILS

COURSE	INSTITUTE/ COLLEGE	BOARD/UNIVERSITY	SCORE	YEAR
CLASS X	Gandhi Public School,Gunupur	CBSE	88 %	2021
CLASS XII in SCIENCE	Gandhi Public School,Gunupur	CBSE	90.6 %	2023
B.Tech	SRM Institute of Science and Technology - Kattankulathur Campus		9.6 CGPA	2027

Technical Proficiency

Java, JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, Spring Boot (basic), RESTful API Development, MongoDB, MySQL, PostgreSQL, AWS (EC2, S3), Docker, Authentication & Authorization (JWT), Git & GitHub, Full Stack Web Development (Frontend + Backend)

PROJECTS

Querv2Concept AI-Powered Educational Web Application	Technologies: React.js, Material UI, TypeScript, Node.js, Express.js, MongoDB, RESTful APIs, NLP Designed, developed and maintained full-stack web application using React.js, TypeScript, Node.js and MongoDB. Built RESTful APIs for frontend–backend communication. Implemented authentication and authorization using OAuth2.0 . Conducted POC using NLP techniques and scaled features.
Travel and Tourism Management System	Technologies: Java, Swing, AWS Developed a comprehensive travel and tourism management system with a user-friendly GUI using Java Swing. Implemented cloud-based storage and processing using AWS to enhance scalability and efficiency. Features include booking management, itinerary planning, and customer support integration.

POSITION OF RESPONSIBILITY

Technical Head - DSBS Students Association	Nov '25-Present
I was responsible for managing the technical team, and ensuring the developers were working on the project at the required pace. I was also responsible for maintaining the Github repositories for the software being built, the live websites, servers, domain, email and other 3rd party services being used for the project.	
Summer Intern – IIT ROPAR	May '25 – July'25
Developed and consumed RESTful APIs using Node.js under the mentorship of IIT professors. Participated in the end-to-end development, debugging, testing and optimization of applications as part of a collaborative internship team, contributing to development tasks while improving coordination, team collaboration, and project time management skills.	

AWARDS AND RECOGNITIONS

DSA Treasure Hunt SYMPOSIUM, SRM KTR Achieved 1 st Prize	Aug' 2025
TechQuiz DataKon,SRM KTR Achieved 2 nd Prize	Oct' 2025
Hackgenix TECHNO SUMMIT'25, SIST University Achieved 3 rd Prize	Sep' 2025

CERTIFICATIONS

Programming in Java – NPTEL
Introduction to Database Management System – NPTEL
Data Analytics Job Simulation - DELOITTE
